

iCHLOR[®]

SALT CHLORINE GENERATOR

Smart technology for healthier, clear pool water.

PENTAIR.COM

ORDINARY TABLE SALT. EXTRAORDINARY TECHNOLOGY.

The chemistry behind the iChlor® Salt Chlorine Generator makes it so simple to use—just add salt to generate all the chlorine your pool needs. Our smart technology provides built-in intelligence for unmatched convenience and control. Touchpad controls enable fast checking of salt levels, chlorine output and cell life. Plus, iChlor makes it easy to set and adjust chlorine levels, reducing the need for repeated testing and upkeep.

iCHLOR WITH SMARTSENSE™ DETECTION

Our advanced features deliver consistent operation and important safeguards to help protect your family.

Photo courtesy of Automatic Pool Covers, Inc.

SmartSense Cover Detection†

Reduces chlorine output when automatic pool cover is closed.

iChlor With SmartSense Detection

SmartSense Flow Detection*

Assesses status of the IntelliFlo® Pump before generating chlorine.

* Only available on iChlor 30 (1.0) models.

† Requires separately purchased iChlor Cover Kit. Please refer to your pool cover manufacturer for additional instructions.

UNMATCHED CONVENIENCE

Keep your pool water clear and inviting with electrolytic chlorine generation—the easiest, most effective and convenient way to maintain your pool. You get the same sanitation performance as manual chlorine addition without all the drawbacks.

No more buying, carrying, storing or handling chlorine.

No more spills, odor, stinging eyes or irritated skin.

No more bleached-out bathing suits.

EFFORTLESS CHLORINATION

Simply adjust the output to achieve the precise level of chlorine. iChlor does the rest, automatically producing a steady stream of chlorine for softer, silkier pool water that's free of bacteria and other contaminants. What could be easier?

Once the chlorine has finished purifying the pool of contaminants, it reverts back into dissolved salt and the cycle repeats.

Easy setup

Adjust your sanitizing level in 1% increments from 1%–100%. Push the button, and you're done.

Smart design

Automatic reverse cycling helps prevent scale buildup. And, unlike its competitors, the electronics are isolated in the cell and away from high-heat components for more dependable performance.

Two model sizes

Choose from two model sizes to meet your pool chlorination needs. Sizing is based on pool capacity in gallons:

Available Models

- iChlor 15 (0.6) for pools up to 15,000 gallons.
- iChlor 30 (1.0) for pools up to 30,000 gallons.

Fact center

- Indoor/outdoor, vertical/horizontal installation.
- 115/230V, 50/60Hz power center.

iCHLOR®

SALT CHLORINE GENERATOR

AUTOMATION READY

For ultimate convenience, the iChlor Salt Chlorine Generator seamlessly interfaces with Pentair automation systems.

ADDED CONVENIENCE AND CONTROL

With its user-friendly controls and displays, iChlor lets you make adjustments simply by pushing a button. For even greater control, add an optional ScreenLogic®* Interface to your Pentair automation system and access your pool from practically anywhere and at any time using your smartphone, computer or mobile digital device. Additionally, you can use the ScreenLogic Interface with your Apple Watch® wrist-wearable device and Amazon Echo®.

*The Pentair ScreenLogic Interface for MACINTOSH DESKTOP COMPUTERS IS NOT COMPATIBLE with the recently released 64-bit-speed Macintosh CATALINA Operating System. Customers who update their Mac desktop computers to the new Catalina MacOS will no longer be able to use the ScreenLogic Desktop Interface. Please NOTE: This change DOES NOT AFFECT iPhone®, iPad® mobile digital devices, Amazon Echo or any other ScreenLogic Interfaces. Only MAC computer desktop users with ScreenLogic who update to the new Catalina OS will be affected.

The iChlor Salt Chlorine Generator has earned the Eco Select® brand distinction as one of the greenest and most efficient choices from Pentair.

TRADEGRADE

The TradeGrade family of products is exclusively made for and sold by the world's most demanding pool professionals.
